

Solar Parasol

Solar-Powered Smart Shading

Solar Parasol is a smart solar shading solution that combines PV power generation and intelligent control. It provides comfortable shading while generating clean, green energy for your home. The intelligent system ensures easy operation, enhancing both convenience and sustainability.

All-in-one solution

Intelligent control
management

Our Highlights

- Easy Control: Supports remote control via the CESC APP, with intelligent sensor management.
- Convenient Installation: Lightweight structure for easy and quick installation.
- Safety and Reliability: Automatically adapts to weather changes, retracting the solar panels in case of severe weather.
- Flexible Operation: Offers three angle modes, with a 0° to 90° multi-angle adjustment.
- Electrical Safety: Solar panels and inverters meet TÜV certification standards.
- Durable Materials: Aluminum alloy frame system, robust and long-lasting.
- Aesthetic Design: Designed to integrate solar energy with home living.
- Nighttime Illumination: Provides lighting for nighttime use, perfect for family environments.

Dimensions (Closed)	1670mm (L) × 1530mm (W) × 160mm (H)
Dimensions (Opened)	1670mm (L) × 2660mm (W) × 160mm (H)
Weight (Net)	70KG
Material	Aluminum Alloy
Main Color	White
Surface Material	Powder Coated
Opening Time	45 seconds
Solar Panel Material	Flexible Solar Panels
Solar Panel Power	315W
Micro Inverter Power	350W
LED Lamp Power	12W
LED Color Temperature	2700K and 6500K
Preset Awning Angles	<ul style="list-style-type: none"> • 0° • 35° (Best power generation angle) • 90° (Shading Angle)
Operating Temperature Range	-5°C to 45°C
Product Includes	Solar Parasol main unit, remote control, CESC APP, installation accessories, user manual, warranty card
Warranty	1 year standard warranty, extended warranty possible
Certifications	EN IEC 60335, CE-RED
Wind Resistance Rating	Safety & Stability according to EN 13561 standard. Level 6 compliant with extra testing report.
Installation	Please contact your local authorized CESC installer
